

The Pregnancy Scan Package

The Pregnancy Scan Package has been designed for women wishing to have extra scans during their pregnancy. Ultrasound Scans provide reassurance and the opportunity to see the growth and wellbeing of the baby. The timings of the scans are flexible and can be at any stage of pregnancy.

The package includes:

Three Ultrasound Scans from early to late pregnancy, to monitor the wellbeing, growth and development of the fetus.

Nuchal, Anomaly and 3D/4D scans are not included in the package.

Scan images will be provided in both digital and print format.

To book the package or for more information on any other services, please contact us directly on **0207 751 4488**

Evening and Saturday appointments available.

Total package price

£400
